FALL 2008

## Medtrade 2008

HME stakeholders get back to business as the industry heads to Atlanta

STORY ON PG. 4

### Armako/Waterproof Car Seat Cover

#### Save-A-Seat

- uses waterproof barrier fabric impregnated with anti-bacterial properties to help minimize stains and odors from sweat; can be used by patients with incontinence or colitis
- retractable storage system maintains fabric in compact dispenser until use; designed for quick installation and removal
- can be spot-cleaned easily or replaced economically after extreme messes

Call 724/962-2072. Web site: www.save-a-seat.com

### Home Diagnostics/ Diabetes Testing Equipment

#### Trueresult, True2go & Truetest

- True2go blood glucose meter is small enough to twist and attach to the top of a vial of test strips for anywhere, on-the-go testing
- Truetest blood glucose test strips feature GoldSensor laser accuracy and Truefill beveled tip
- both True2go meter and Trueresult high-performance meter deliver results in as fast as four seconds using only 0.5 microliters of blood

Holds Over a Quart of Liquid!

### StrataGem Solutions/ Continuous Passive Motion

#### Freedom Knee CPM

- can be used while sitting in a chair or in bed
- designed to improve patient comfort and compliance

Call 614/277-3220.

### Contour Living/Pillow

#### 3-D Mesh Memory Foam Pillow

- soft, cool, clean, dry, breathable support with combination of a 3-D mesh layer and memory foam core that conforms to the body
- 3-D layer made of resilient, soft, "springy" fibers that create a virtual layer of air for perspiration evaporation and air circulation under the head and neck
- designed to provide relief for allergy sufferers; orthopedically designed to align head and neck for comfort
